

King George VI - Definitive issue (low values) - Lighter colours.

Due to wartime shortages of printing inks, the colours of the first six low value definitives were changed to a lighter colour of the original. The changes took place progressively over a period of just over a year between July 1941 and September 1942. The individual introductory dates are shown above each stamp for information.

1-9-1941

1,524 dies

11-8-1941

2,727 dies

28-9-1942

637 dies

6-8-1941

1,371 dies

21-7-1941

2,973 dies

3-11-1941

1,407 dies

Total number of different dies known on the issue is **3,543** involving **10,639 DDF**

Perfin figures correct to **1st January 2019**.

In view of the large quantities involved, no list of Perfin dies involved has been included.
